Exploring...

- There are many aspects and features of a PbWiki.
- There are lots of features that you can edit in the PbWiki.
- Examples are :

Troubleshooting

PBwiki includes a very good manual itself.

https://pbwikimanual.pbwiki.com/Troubleshooting

It gives step by step guide of what to do if you encounter a problem.

If You have any of these questions, consider reading the manual

- Troubleshooting Logging In
- This section of our user manual covers basic troubleshooting for logging into your wiki with a PBwiki Account (2.0) invite key (1.0) or classroom accounts.

Troubleshooting - Email

Emails bouncing, no verification message? Resolve it here!

Troubleshooting - Editing

Having trouble working with your wiki? We'll cover the most frequently asked questions here.

Troubleshooting - Contact Support

If the manual isn't answering your question, or you need to connect with support, check out this section for our tips on contacting the support team.

You're finished!

Hopefully this will get you started to make a wiki! Good Luck!
